Academic Qualifications:

- PhD in Ergonomics in Medicine University of Aberdeen UK 2006
- MSPH in Occupational Health University of Tehran IRAN 1993
- BS in Occupational Health University of Shied Behasdi IRAN 1990

1986-1990

Shied Behasdi University of Medical Sciences
BSc in Occupational Health
Main courses taken: Ergonomics, Safety at work, Noise and Vibration, Lighting, Industrial Ventilation, Toxicology, Occupational Diseases

1991-1993 Tehran University of Medical Sciences

MSc in Occupational Health
Main courses taken: Ergonomics, Safety at work, Noise and Vibration, Lighting, Industrial Ventilation and Toxicology
Dissertation: The effect of shift work on prevalence of risk factors for coronary heart disease (CHD) among Tehran Tele-Communicate Operators

2001-2006 Aberdeen University Scotland
PhD in Ergonomics in Medicine

Main courses taken:

Occupational Health & Safety Foundation, Statistics & Epidemiology, Ergonomics Foundation, Occupational Hygiene Foundation, Physical Factors (Musculoskeletal), Work Design, Physical Factors (Environment), Physical Factors (Work Load), Human Factors, Reliability and work Design

PhD Thesis: The effects of different posture on lumbar spine loading

Employment Details:

- **Present:**

Associate Professor
Occupational Health Department,
Faculty of Health Science
Tabriz University of Medical Science & Health Services,
Tabriz, Iran

- **Previous:**

Assistant Professor,
Occupational Health Department,
Faculty of Health Sciences,
Tabriz University of Medical Science & Health Services,
Tabriz, Iran (April 2006 to Aug 2014)

Lecturer,
Occupational Health Department,
Faculty of Health Sciences,
Tabriz University of Medical Science & Health Services,
Tabriz, Iran (Aug 1993 to Aug 2006)

Lecturer,
Occupational Health Department,
Faculty of Health Sciences,
Ardabil University of Medical Science & Health Services,
Ardabil, Iran (Jun1992 to Aug 1993)

Professional Societies:

- Member of HSE Department, Faculty of Health Sciences, Tabriz University of Medical Sciences, 2016-till
- Member of Ergonomic Department, Faculty of Health Sciences, Tabriz University of Medical Sciences, 2013-2015
- Member of Tabriz Health Service Management Research center, Tabriz University of Medical Sciences, 2013-till
-
- Editorial Board Member of Journal of Depiction Health, 2015-present
-
- Dean of Industrial and Technology relation office, Faculty of Health Sciences Tabriz University of Medical Sciences, 2013-2015
-
- Member of Research Council, Faculty of Health Sciences, Tabriz University of Medical Sciences, 2013-2015
-
- Member of Education Council, Faculty of Health Sciences, Tabriz University of Medical Sciences, 2013-2015
-
- Members of Research Council, National Public Health Management Center (NPMC) 2007,
- Members of Research Council, Nutrition Research Center, Tabriz University of Medical Sciences, 2012-present

- Dean of student Affairs, Ardabil University of Medical Sciences, 1994-1995
- Head of Education Affair , Ardabil University of Medical Sciences, 1994-1995

Scholarships awards:

- PhD scholarship, (Sponsored by Health Ministry of Iran for doing PhD), 2000

Workshop Experience:

Teaching Experience:

- ***Undergraduate Course:***
 - Occupational Health,
 - Fire Safety,
 - Industrial Safety,
 - Safety in Construction,
 - Chemical safety,
 - Human Factor Engineering,
 - Lighting in Work Place
- ***Postgraduate Course:***
 - Occupational Ergonomics,
 - Occupational Health,
 - Human Factor Engineering,
 - Office Ergonomics
 - Participatory Ergonomic,
 - Environmental Ergonomics,
 - Ergonomics in Planning & System design,
 - Anthropometry,
 - Macro Ergonomic,
 - Workstation Designing,

Human performance evaluation,
Patient Safety

Statistical Packages, other software:

SPSS, Microsoft Office (Word, Excel, Power point,...)

Major Research Interests :

- Biomechanics of Spine
- Ergonomics Work Station Design
- Patient safety & Clinical Governance
- Human error
- Human Error Management
- Work Place Accident & Hazard investigation
-

SUPERVISION

1. The effects of occupational posture on prevalence rate of musculoskeletal disorders and its relationship with job satisfaction among female hair dressers of Mianeh city. *Master Dissertation.*
2. The ergonomics assessment of Posture Dentists during work with Patient by RULA and its relationship with Prevalence of musculoskeletal disorders and their occupational burn out in Mianeh. *Master Dissertation*
3. Investigation of Librarians Work related Ergonomic problems in the Public Libraries of Hamadan City and suggesting measures to reduce them. *Master Dissertation*
4. Study of Macro-ergonomic intervention effects on safety promotion and decreasing accident rate through participation of Tabriz Nab Steel Company Staff. *Master Dissertation*

5. The Role of HSE Training on Reduce of Human Errors and Accident in Foundry Industry. *Master Dissertation*
6. Designing of safety, health and environmental management system (HSE-MS) in Tabriz Refinery based on OGP Model. *Master Dissertation*
7. Study of Ergonomic Factors Effectuated on work related accidents in East Azerbaijan Province in 3 last years. *Master Dissertation*
8. Evaluation of the Ergonomic Criteria's on the Seat depth for Iranian 18- 30 years Students. *Master Dissertation*
9. The effect of different height of stair on electrical activates of muscles. *Master Dissertation*
10. Employing classification, clustering and neural network algorithms to analysis the anthropometric data. *Master Dissertation*
11. Study of Relationship between medication error occurrence with job stress due to Effort - Reward Imbalance and Sleep Disorders among Tehran hospitals Nurses (2015) *Master Dissertation*
12. Ergonomically assessment of traditional vertical carpet looms and modified loom during carpet weaving. *Master Dissertation*
13. Study of center of pressure alterations on men plantar with and without insole at static posture. *Master Dissertation*
14. Study of association between workload and errors rate among nursing staff of Ardabil Public and private Hospitals (2016). *Master Dissertation*

15. The Effect of job stress on general health and performance of workers in East Azerbaijan province one of steel production. *Master Dissertation*
